3Shape TRIOS
Go Beyond on your digital journey
It all starts with a great scanning experience

Whether you are digital newcomer looking to get started with an easy-to-use entry-level scanner or a fully digital practice ready to embrace tools to take your restorations to the next level, 3Shape TRIOS® innovation enables you to always deliver superior patient care.

34 independent accuracy studies report statistical superiority with TRIOS
International Journal articles confirm significantly high accuracy results in favour of TRIOS compared with conventional and other intraoral scanners.¹

AI scan technology for simplified scanning
Removes unnecessary soft tissues on the scan making scanning easier.

Wireless innovation for enhanced comfort and ease
The world’s first wireless scanner option enables you to scan unrestricted by wires, optimizing comfort for both you and your patients, and making scanning easier.

TRIOS Patient Specific Motion to perfect your restorations

Record a series of different bite positions and use the dynamic occlusion as a reference when designing the indication.

Realistic colors and shade measurement for patient engagement

Create high-quality digital impressions in life like colors and apply shade measurement to evaluate treatment and activate quality dialogue with patients.
Access an unrivalled treatment options

Empower your practice with the comprehensive, ever-expanding and open 3Shape TRIOS® ecosystem. With total integration to your preferred partners for all indications, you can secure the best and most cost-effective options for your business.
Enable preventive care with monitoring and diagnostic tools

3Shape TRIOS® Patient Monitoring for preventive insights

Scan every patient regularly at every visit to accurately track changes in teeth and identify dental conditions sooner. Share visual information with patients using the colors to show the amount of changes.

Progression of erosive wear due to acidic drinks mapped and visualized in an overlay of scans captured over a year.

Excite your patients and advance case acceptance

Bring expected treatment outcomes to life with 3Shape TRIOS® MOVE+ and TRIOS excitement apps.

**TRIOS MOVE+**

**Gain next-level patient engagement**

Excite your patients by displaying their scans and treatment designs, up close on the new large 15.6” monitor.

**Experience great ergonomics**

Enjoy the ease of always being able to position the setup in the right place ensuring optimal comfort for both you and your patient. Plus, new integrated rear USB 2.0 port for easy import/export of data for treatment planning.
Show patients their future smile with 3Shape Smile Design

Take a photo of your patient’s face and design their beautiful new smile in just minutes. Share the photorealistic results with your patient to align expectations and stimulate treatment acceptance.

Grow orthodontic treatments with 3Shape TRIOS® Treatment Simulator

Scan your patient and show their present dentition compared to the proposed outcome of orthodontic treatment to gain greater case approval.

“To be able to see what my smile could be, was very emotional. Now I’m at the point where it looks exactly like it did in TRIOS Smile Design. I can’t believe it!”

Samantha Morra, Patient
New York, USA
Grow your business by producing in-house with 3Shape TRIOS Studio apps

3Shape’s open system includes 3Shape TRIOS® Studio apps with seamless integration, trusted connections to leading third-party mills and compatibility with all 3D printers. This enables you to do more, gain profitable in-house production options and exceed patient expectations.

“Offering less invasive surgery and same-day dentistry allows me to provide great patient treatment experience and gain greater control.”

Dr. Simon Kold
Herning, Denmark

3Shape TRIOS Design Studio®
Design and produce a broad range of restorations, including standard and screw-retained crowns*, inlays, onlays, veneers and three-unit bridges.

3Shape Implant Studio®
Plan implant positions, and design and manufacture custom surgical guides and temporary screw-retained crowns* in one workflow.

3Shape Splint Studio
Design and produce splints, night guards and mouth guards with a guided, fast and intuitive workflow.

3Shape Clear Aligner Studio
Access a complete solution that enables you to design and produce clear aligners in your clinic, with a high return on investment potential.

3Shape Indirect Bonding Studio
Plan bracket placement, and design and produce transfer media for indirect bonding.
A fit for **every practice**

Configure and equip your 3Shape TRIOS® according to your needs and budget.

1. **Choose your scanner**
   - TRIOS 4
   - TRIOS 3
   - TRIOS 3 Basic
     
     Available in wired version only

2. **Choose your connection**
   - Wireless
     
     Option for TRIOS 4 and TRIOS 3
   - Wired

3. **Choose your setup**
   - MOVE+
   - Pod

About 3Shape

3Shape is changing dentistry together with dental professionals across the world by developing innovations that provide superior dental care for patients. Our portfolio of 3D scanners and CAD/CAM software solutions for the dental industry includes the multiple award-winning 3Shape TRIOS® intraoral scanner, the 3Shape X1® CBCT scanner, as well as market-leading scanning and design software solutions for both dental practices and labs. Two graduate students founded 3Shape in Denmark’s capital in the year 2000. Today, 3Shape employees serve customers in over 100 countries from 3Shape offices around the world. 3Shape’s products and innovations continue to challenge traditional methods, enabling dental professionals to treat more patients more effectively.
